

Flexibility for Learning

Attica Consolidated School Corporation

OUR PROMISING PRACTICE

eLearning FLEX education

OUR STEPS For districts wanting to begin this process the initial steps can be found here <http://flexconsortium.weebly.com/timeline.html>

The FLEX program is part of the Indiana Department of Education's eLearning division.

Our teachers blend technology use into every school day at Attica Jr.-Sr. High School.

The use of Google Apps for Education has accelerated the collaborative learning process with our students.

FLEX days allow us to provide targeted and individualized professional development to our staff.

FLEX days allow us to provide instruction in a form that our students will experience at the university level, particularly an online course.

We have seen an increase in our students' ownership of their own learning.

Our FLEX days have innovatively altered the traditional school day for our staff and students.

We have accomplished our initial goal to make FLEX days "just another day of school"

WE ARE located in West Central Indiana and we provide an education for students from three townships in Fountain County. We are a small school district that has embraced technology as an educational tool for our students. We educate over 700 students in grades K-12. Attica Elementary is a K-6 building and Attica Jr.-Sr. High School is comprised of grades 7-12. Attica Consolidated Schools are a rural district in the town of Attica Indiana with 53% of our student body qualifying for free/reduced meals.

Although we are a small school district our curriculum and course offerings are robust. We offer several AP courses, multiple dual credit opportunities, and we embrace the fine and musical arts

IN OUR OWN WORDS

"Efficient communication and collaboration are keys to success during my E-Learning lessons, and something that my kids and I take great pride in" AHS Teacher Earl Emerick

"After the students have finished reading they will move on to answer a set of DoK questions in a Google Form".

AHS Teacher Lindsay Nunan
